Formspree.io: Send form data to your email address.

1. Go to <https://formspree.io/>.

Get started

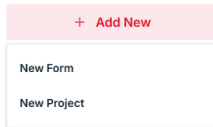

2. Click the **Get Started** button.

3. Fill out the form.

4. Select **Personal projects** and click **Continue**.

5. Select the **Today / immediately** option and click **Continue**.

6. Choose one option under **How did you hear about us?** and click **Submit**.

7. Click **New Project** and select **New Project**.

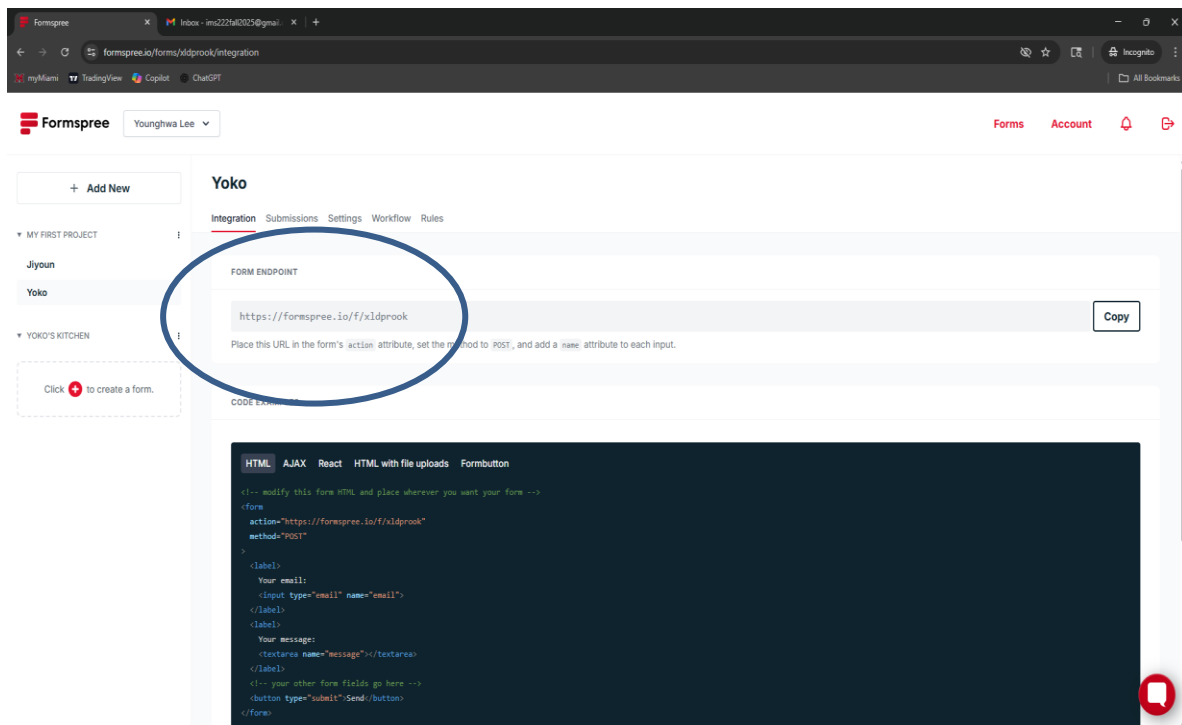

8. Enter a **Project Name** and click the **Create Project** button.

9. Click the three dots next to your new project name, then select **New Form**. Enter a form name and click **Create Form**.

10. Verify your email address (required one time only).

- Go to your email account.
- Find the message titled **"Action Required: Verify email linked to Formspree"**.
- Click the **Verify email** button in the email.

11. Once verified, locate the **Form Endpoint** URL. Copy this URL and paste it inside the action attribute of your `<form>` tag (e.g., `<form action="URL_HERE">`).

register.html CSS code: Go to classes.html and add `<link rel="stylesheet" href="register.css">` to the `<head>` section - line 6. Then, create a new file named "register.css" and insert the following code into it.

```
fieldset {
    width: 75%;
    margin-top: 1em;
    margin-bottom: 1em;
    padding-top: .5em;
    margin: 0 auto
}

label {
    float: left;
    width: 15em;
    text-align: right;
}

input, select, textarea {
    width: 15em;
    margin-left: 0.5em;
    margin-bottom: 0.5em;
}

input:required {
    border: 2px solid blue;
}

/* add class ="optional" and the following code for the form elements to use
different color */
.optional {
    border: 2px solid red;
}

input[type="submit"] {
    width: 7em;
    background-color: red;
    color: white;
    margin-left: 4em
}
